You will NOT be permitted to sit the test if you do not have these documents. You will be turned away from the test centre, and your registration fee will be forfeited.

ACER will supply computers and/or laptops at the testing venues. Candidates do not have to bring their own devices, as you will not be permitted to use them. Scratch paper will be supplied at the testing venues for candidates who decide not to use a whiteboard.

For security reasons you will **not be permitted to take any photographs at the test centre.**

Large spaces like test centres can be difficult to heat/cool so to avoid being too cold or too hot, please wear layers. This way you can adjust your own comfort level. To minimise disturbance to other candidates please wear appropriate footwear, i.e. no heeled shoes.

Any issues relating to the test venue or physical discomfort should be brought to the attention of a test supervisor **immediately** so that, if possible, they can be addressed without delay.

Should you experience any issues during the test day, **you are advised to contact the GAMSAT office via email within three (3) days of your test day**. The GAMSAT office will not contact you to follow up.

Unless you have prior approval from the GAMSAT Office, **no food (including sweets, lollies, nuts, and chocolates) will be permitted in the test room**. It is recommended you have a good breakfast and take a snack to eat in the registration queue if you think you're going to get hungry and cannot wait until the break. You may bring a clear bottle of water into the test room with you (no labels attached).

Clocks are provided in the test room. You may wear an analogue wristwatch; any alarm or stopwatch features must be switched off. Digital and smart watches are prohibited.

We can't guarantee there will be food/drinks available at the test centres. We suggest you **take food along with you on the day**, but you will not be able to access it until the break. There will be limited space to store your bags. You are advised to bring only essential items, as neither the test centre nor the GAMSAT Office can be held responsible for the security of your belongings.

Regards,

The GAMSAT Team
